

MarineNet Training Manager Workshop Schedule for 2004

Introduction -- The MarineNet Learning Management System provides a suite of utilities to help system users perform various training management functions. The ***Training Manager (TM)*** role is intended to provide functionality for unit Training Officers, unit Training Non-commissioned Officers (NCOs) or organizational training managers who are responsible for managing the training progress of students in their respective reporting unit or organization.

Personnel from the College of Continuing Education (CCE), Training and Education Command (TECOM), Quantico, VA, will be conducting Mobile Training Team Workshops throughout the Marine Corps to train personnel who are in a unit / organization training billet, or who are the designated representative responsible for managing & reporting training events for their unit (RUC/MCC).

The following schedule outlines locations, dates & times for TM Workshops during the 1st half of CY04:
